WORKING CONDITIONS AND COMPENSATION

Compensation Philosophy

The College provides salary and benefits to its employees in order to obtain and retain individuals competent to perform the services the College delivers to its constituency. The College will provide these salaries and benefits on the basis of overall compensation philosophy, internal equity, and external competitiveness, within the parameters of fiscal responsibility.

Administrator Salary Schedule

A payroll calendar is posted annually on the employee portal at [insideCOD](#). Administrators are paid on a current basis.

Appointments/Compensation

Compensation for administrators will be determined by the President and will be approved by the Board of Trustees ([See Board Policy #15-255, #15-256 and #15-230](#)). Compensation for current administrators will be set annually by the Board of Trustees based on performance, comparative market data and recommendations by the President ([See Board Policy #15-255](#)).

Should the College award salary increases in a given year, the following will apply:

1. Administrators close to the maximum of the range will receive an increase added to their base pay up to the amount of the overall general increase granted not to exceed the maximum of the range.
2. Any administrator who reaches the maximum of their range and does not receive the full amount of the overall general increase shall receive a stipend equivalent to the dollar amount of the percentage not received.
3. Administrators over the top of the range will not receive an increase to their base pay and will receive a stipend equivalent to the full amount of the overall general increase percentage granted to eligible administrators that are within the range.
4. A salary increase may be withheld for any administrator who has been notified in writing of areas in need of improvement upon recommendation of the immediate supervisor. An administrator who receives an overall rating of "Needs Improvement" on their performance evaluation will not be eligible for a pay increase on July 1. Please refer to the "Employee Performance Evaluation" section below for detailed information. An administrator with a rating of "Needs Improvement" that is on a Performance Improvement Plan will be monitored and if improvement is not seen immediately the supervisor will be required to meet with the Vice President of Human Resources to determine the next step in the performance management process. If improvement is progressing, the employee will be formally re-evaluated in January and if his/her overall performance improves warranting an overall rating of "Meets Expectations" the employee will be eligible for that year's annual approved salary increase, prorated by the number of months remaining in the fiscal year. The pay increase will be effective February 1.

MULTIPLE ASSIGNMENTS FOR ADMINISTRATORS

Administrators who work full-time in an exempt position may be assigned a part-time faculty teaching assignment of one class, not to exceed five credit hours per term, in addition to their full-time position.

All assignments must be made in consultation with the supervisor.

Note: These limits apply for each term (fall, spring, summer) with no carryover of unused hours to another semester.

Assignments under this provision will not be given if in conflict with the employee's normal duties, work hours or responsibilities. If a conflict becomes apparent following such an assignment, the College may remove the part-time faculty assignment. If the conflict will continue into the future, the College may not provide such part-time assignments to the employee in the future. Any exceptions to assignments under this section will require approval by the appropriate Cabinet Member.

EMPLOYEE PERFORMANCE EVALUATION

Administrators are evaluated by the supervisor at least once per year. The evaluation is based on the immediate supervisor's assessment of the administrator's overall job performance. The evaluation is conducted as fairly and objectively as reasonably possible according to procedures established by Human Resources.

Definition of Workweek

As stated in [Board Policy #15-65](#), the workweek begins at 12:01 a.m. on Sunday and ends on the following Saturday at midnight.

For eligible employees, days approved for sick leave, vacation time, floating holidays, College observed holidays, absence for supervisor approved professional meetings, as well as actual time worked, are considered part of the workweek.

Duties and Responsibilities of Administrators

The specific duties and responsibilities of each administrator will be defined in their respective job description. Job descriptions can be obtained by contacting Human Resources. ([See Board Policy #15-245](#)).

Tenured Faculty and Administrative Position

Tenured faculty who are appointed as administrators will retain pre-administration appointment seniority in their discipline. Upon return to faculty, the administrator will retain their pre-administration appointment.

SUMMER FLEX TIME

The College operates on a four day schedule Monday through Thursday during the Summer Term. Some areas of the College are open additional days of the week.

If an administrator is sick or uses bereavement time during a week, the employee will receive a maximum of 40 hours pay, two being summer flextime hours.

A day off for vacation or illness is counted as nine and one-half hours for these purposes and should be so reported.

FRINGE BENEFITS – PAID LEAVES

See "Leave Plan Summary" in [myACCESS](#) for your paid leave balances.

Bereavement Leave

Eligibility: Full-Time Benefited administrators

Description: These employees may be allowed up to five bereavement days per qualified incident for "immediate" family members. Immediate family is defined for the purpose of bereavement leave as parents, spouses, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, aunts/uncles, nieces/nephews, unmarried partner/fiancé, step and half relatives that are specified within these familial relationships, any individual for whom employee has legal guardianship status. Bereavement days are subtracted from sick days.

Employees may be allowed an additional five (5) days up to a maximum of ten (10) work days of unpaid leave to attend a funeral of a child, make arrangements necessitated by the death of the child and to grieve the death of a child. If an employee suffers the death of more than one child in any 12-month period, the employee may be allowed up to six weeks of unpaid bereavement leave in the 12-month period. Leave time for this provision must be used within 60 days after the employee receives notice of the death of his or her child. "Child" is defined as employee's biological son or daughter, adopted, or foster child, a stepchild, legal ward, or a child of a person standing in loco parentis. Employees may elect to substitute accrued vacation for unpaid leave available provided under policy.

Blood Donation Leave

Description: Full-time benefited administrators may request up to one hour paid leave time every 56 calendar days to donate blood and up to two hours to donate blood platelets when done in accordance with nationally recognized standards.

1. The employee is only entitled to blood donation leave if the supervisor consents in advance to the employee's request for leave.
2. As a condition of approving the leave, the supervisor may require the employee to provide documentation of the donation.

Floating Holiday

Eligibility: Employees who are regularly scheduled to work 30 or more hours per week.

Description: Full-time benefited administrators may take floating holiday hours as granted by the Administration each fiscal year*. The needs of the College will be the primary consideration in approving a floating holiday.

- The request should be submitted to the supervisor at least two weeks in advance.
- The holiday must be used during the fiscal year in which it is granted (before June 30).
- Floating holidays do not accumulate.

*College administration may grant more than one floating holiday per year if the College is open on one or more of the College observed legal holidays.

Health Leave Bank

Eligibility: Full-time benefited administrators may join immediately by contributing the prorata annual premium within 30 days of their employment date. Current employees regularly scheduled to work 30 or more hours per week may join between June 1 and June 30 of each year for membership in the succeeding fiscal year. The health leave bank will be available to employees after six months of membership in the bank and after exhaustion of the employee's accumulated health leave or any other earned paid leave. The health leave bank is not available if other compensation is being received for the absence, i.e. worker's compensation, disability, etc. Employees who terminate employment and return will be treated as a new employee if rehired.

Description: The health leave bank is a voluntary collection of donated sick leave hours from benefited employees to other college employees to be used as an extension of paid leave in case of an extended illness or accident. An employee may apply for time from the health leave bank to the Vice President of Human Resources.

To request time from the Health Leave Bank, contact Human Resources. For additional information, please review the "Information and Procedures for Time Off for Medical Reasons", which is located under the HR Benefits/Information and Procedures section of the employee portal at [insideCOD](#).

Holidays

Eligibility: Full-time benefited administrators, upon employment, are eligible for paid holidays that are observed during their normally scheduled workweek.

Description: Generally, when a holiday falls on a Saturday, the holiday is observed the preceding Friday; when a holiday falls on a Sunday the holiday is observed on the following Monday. Check the [Holiday Calendar](#) for College observed holidays. For a description of the holidays that are observed by the College and more detailed information, please refer to the Holiday Overview which is located under the HR Benefits/Information and Procedures section of the employee portal at [insideCOD](#).

Paid Leave

Full-time administrator employees have five Paid Leave Days (40 hours) available each fiscal year beginning July 1, 2024 and every year thereafter. The five days are part of time off specifically prescribed by the Illinois Paid Leave for all Workers Act. The administrator employee must generate a leave request via [myACCESS](#) for all Paid Leave Days.

Procedure for Paid Leave for All Workers Act (PLAWA Leave)

An eligible employee who is requesting foreseeable PLAWA leave must provide the supervisor with a seven (7) day notice. Notice for unforeseeable requests for PLAWA leave should be provided as soon as practically possible after becoming aware of the necessity of the leave. If the supervisor is unavailable for notification, voice mail and/or e-mail may suffice. If the employee does not call prior to the beginning of the shift, the day may be without pay, except in the case of serious illness or accident, which would otherwise prevent notification. In those circumstances, notification must be made as soon as possible.

- For exempt employees: The department supervisor must send an approved leave request via [myACCESS](#) to the Payroll Office at the time of the leave. For non-exempt employees: time records must be properly noted.
- PLAWA leave (up to 40 hours based upon employment status) is granted each year on July 1 for active employees.
- Employees who are regularly scheduled to work more than 20 hours per week (≥ 0.51 FTE), upon employment, are eligible for up to 40 hours of paid leave per fiscal year specifically as prescribed by the Illinois Paid Leave for all Workers Act.
- Employees who are regularly scheduled to work 20 hours or less per week (≤ 0.50 FTE), upon employment, are eligible for up to 20 hours of paid leave per fiscal year specifically as prescribed by the Illinois Paid Leave for all Workers Act.
- A new employee of the College who commences employment after July 1 every fiscal year will receive a pro-rated number of PLAWA hours based upon their date of hire during their first year of employment.
- New employees are not eligible to use PLAWA leave hours until completing 90 days of employment with the College.
- PLAWA hours can be used in increments of at least one (1) hour per day.
- Unused PLAWA leave hours will NOT carryover from one fiscal year to the next and will not be paid out in the event of a separation from employment.

Sick Leave

Eligibility: Full-Time Benefited Administrators upon employment.

Description: Administrators are entitled to 15 workdays (120 hours) of sick leave per fiscal year.

Each subsequent year the employee is credited with 15 workdays of sick leave at the beginning of the fiscal year (July 1). Carryover of unused sick leave accumulation will be allowed up to a maximum of 315 days (2,520 hours) in addition to the 15 workday entitlement for the current year, not to exceed 315 days at any point in time.

Paid sick leave is to be taken when the employee is sick and unable to work, or for treatment by a health care practitioner.

Each fiscal year, the employee may use up to 60 hours of their sick leave balance when there is a sickness, medical appointment or disability involving a member of the employee's immediate family which requires the employee's personal care. Immediate family is defined for the purpose of paid sick leave as child, stepchild, spouse, domestic partner, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent. Vacation Leave may also be used for a sick family member. No sick leave time accumulated from previous fiscal years can be used for sick leave time for the illness, injury or medical appointment of the employee's family member. **Note:** In no case may sick hours exceed normal work hours in a given week.

Procedure for Sick Leave

Full-time benefited administrators who request sick leave must notify their supervisor as early as possible, but at least prior to the starting time. If the supervisor is unavailable upon notification, voice mail and/or e-mail may suffice.

- The department must send an approved leave request via myACCESS to the Payroll Office at the time the illness occurs and for every pay period until the illness ceases.
- Credit for sick leave is granted each year on July 1. A new administrator of the College is not eligible to take more than eight days of Sick Leave until completion of six months of service with the College.
- Bereavement days taken because of a death in the family will be deducted from sick leave accrual (see Bereavement section for additional information).
- An administrator will not be paid sick leave for days absent immediately preceding termination of employment unless the employee presents an approved physician's certificate of illness.
- In the event of termination of employment, an adjustment will be made in the last paycheck if the administrator has been paid for more sick leave than earned.
- The administrator's immediate supervisor may request a physician's note to certify the illness for any employee's absence or absence due to care of a family member lasting three days or more. For periods of less than three days, a supervisor may require a physician's note with approval by Human Resources.
- Supervisors must notify Human Resources as soon as they know that an employee will be out sick for more than five (5) working days.
- If the employee is eligible for Leave under the Family Medical Leave Act (FMLA), Human Resources will forward the required certification documents to the employee. If FMLA is taken due to the employee's own condition, a Return to Work Evaluation Form from the employee's treating physician will be required before the employee can return to work.
- If FMLA is not applicable, a Healthcare Provider's Statement – Return to Work Evaluation Form must be submitted to Human Resources for any period of illness in excess of five (5) working days or sick leave benefits will be suspended. This form is used to certify the illness during the absence. A Return to Work Evaluation Form from the employee's treating physician will be required before the employee can return to work.

- Verification or evidence of a family member's illness may be required from the Health Care Provider.
- The above forms are available in the Forms Library on the employee portal at [insideCOD](#).
- All medical information will be kept in Human Resources.

Vacation

Eligibility: Full-Time Benefited Administrators

Description: Vacation is earned at the following rate for administrators with continuous benefited service.

<u>Years of Continuous Benefited Service</u>	<u>Vacation Days/Year</u>	<u>Hours Earned Per Pay Period</u>
0-15	20	6.15
15 – less than 20	21	6.46
20 or more years	22	6.76

Vacation time is automatically added to each full-time benefited administrator's vacation hours every pay period beginning with the initial day of benefited employment.

Listed below is information to assist employees in interpreting vacation rules:

- Exempt employees must record days taken as vacation via a leave request on myACCESS.
- July 1 is the date from which accumulated days of vacation are computed. New employees accumulate vacation on a pro-rated basis to that date.
- Employees must request and receive approval in advance for vacation dates from the supervisor. The needs of the College will be the first consideration in approving vacation dates.
- Employees may not take vacation time prior to being earned. Any exception must be approved by the Cabinet member for the area and the Vice President of Human Resources.
- Employees are encouraged to take vacation on a current basis; however, when it is not possible for an employee to take vacation because of job responsibilities, unused vacation time may be carried over up to a maximum of 40 days.
- A paid holiday falling within a vacation period does not constitute a vacation day.
- No pay in lieu of vacation will be granted except upon retirement or separation from the College.
- Each fiscal year, employees may use up to one vacation day for personal emergencies without prior approval of the supervisor.
- Vacation time may be used for religious holidays.

Wellness Program

Benefited employees and their spouse, if covered under the College health insurance can participate in the Annual Health Screening at no cost.

FRINGE BENEFITS - UNPAID LEAVES

Family and Medical Leave of Absence

The Family and Medical Leave Act (FMLA) provides eligible employees with up to 12 workweeks of unpaid leave for certain family and medical reasons during a 12 month period. During this leave, an eligible employee is entitled to continued group health plan coverage as if the employee

had continued to work. At the conclusion of the leave, subject to some exceptions, an employee generally has a right to return to the same or to an equivalent position.

Eligibility: Full-Time Benefited Administrators must have been employed by the College for at least 12 months (which need not be consecutive), and for at least 1,250 hours during the 12 month period immediately preceding the commencement of the leave.

Description: FMLA leave may be taken for any one, or for a combination of, the following reasons:

- Birth of the employee's child or to care for the newborn child;
- Placement of a child with the employee for adoption or foster care or to care for the newly placed child;
- Care for the employee's spouse, child or parent (but not in-law) with a serious health condition;
- Serious health condition that makes the employee unable to perform the functions of the employee's job;
- Military Family Leave for a spouse, child or parent; and/or
- Special leave to care for a covered service member who has serious injury or illness incurred in the line of duty (up to 26 weeks allowed).

A "serious health condition" is an injury, illness, impairment, or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

To request FMLA, contact Human Resources. For information regarding FMLA, please review the FMLA Information under the HR Benefits/Information and Procedures section of the employee portal at [insideCOD](#), or contact Human Resources.

Use of Paid and Unpaid Leave

FMLA provides eligible employees with up to 12 workweeks of unpaid leave. However, if an employee has accrued paid leave (e.g., Vacation Leave, Sick Leave), the employee must use qualified paid leave in conjunction with FMLA leave. "Qualifying paid leave" is leave that would otherwise be available to the employee for the purpose for which the FMLA leave is taken. The remainder of the 12 workweeks of leave, if any, will be unpaid FMLA leave. **The use of paid leave during an FMLA leave does not extend the FMLA 12 workweek leave period.**

For example: the employee would use available sick days for a leave due to the employee's own serious health condition. Available vacation time may be used if the employee has exhausted available sick days.

Paid leave used (including for disability or workers' compensation injury/illness) for an FMLA qualifying reason will be charged against an employee's entitlement to FMLA leave.

FMLA Guidelines for Maternity, Paternity, Adoption and Placement

It is the policy of College of DuPage to provide eligible employees up to 12 weeks of **unpaid** Family Medical Leave (FML) for maternity, paternity, adoption and placement of a child. Please see the FMLA Guidelines for Maternity, Paternity, Adoption and Placement document under the HR Benefits/Information and Procedures section of the employee portal at [insideCOD](#).

Unpaid Personal Leave

The College may grant an employee a leave of absence without compensation for a period of time up to one year subject to the needs of the College. See [Board Policy #15-110](#).

Continuation coverage is identical to the coverage provided to active employees and their family members. If coverage for similar classed employees is modified, the continuation coverage will be modified in the same manner.
